Among The Few Absolutely Sure Things In Medicine The Penn Infiltration Cure For Piles is The Most Conspicuous and Surest of All.

For eight years this plan of treatment was carried out in private practice by the Originator, who, after proving to his entire satisfaction that it would cure any case not malignant, placed it in the hands of doctors who were willing to reimburse him for his many years of hard work and cash outlay. We purchased the Texas State right several months ago and are therefore the only Specialists in the State who can administer this treatment. We have treated one hundred and sixty cases so far and have letters from every patient testifying to the truth of our statement, that we never fail to cure any case in any stage except those few malignant cases which we never treat, without the use of the knife, ligature, cautery, carbolic acid or other strong injections, and without pain, slonghing, ulceration or detention from business while being cured.

THE WONDER OF THE AGE AND IT COSTS YOU NOTHING TO FIND OUT ALL ABOUT IT.

In all ordinary cases pain, protrusion and bleeding are relieved with the first office treatment. Why hesitate? Why suffer longer or submit to an operation with its attendant dangers of chloroform, ether, etc., and the additional expense of hospital fees and loss of time from your work? THE AVERAGE CASE CAN BE CURED WITH FOUR TREATMENTS. THE COST IS LITTLE.

RESULTS ARE GUARANTEED AND THE CURE IS PERMANENT.

WE ALSO TREAT SUCCESSFULLY:

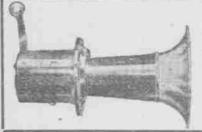

RUPTURE, VARICOSE VEINS, HYDROCELE AND OBSTRUC-TIONS without doing a cutting operation. Our success in the treatment of these troubles is well known and our COMBINED METHODS have no superior. Why waste further time and money for "Home Treatments," "Free Trial Treatments," "Electric Belts," etc.? Come to our office and we will talk over the ease with you, give you a thorough examination free of charge, tell you all about our plan of treatment and if curable will tell you exactly what the course will cost you, so that you will know before starting treatment exactly what you will have to pay.
